Subject: OET Reading Part A

Dear Sir/ Madam,

I am a registered nurse who is really keen to practice as a nurse in Australia but for not passing the Reading part A of OET is the hindrance of me doing so. I do not see the relevance of me doing this test as a measure for someone to be eligible to practice or not in a certain country for the main reason that , in my day to day nursing practice I deal mainly with patients not so much with books or writing or reading that you have to fill in gaps for 15 minutes... this is the only part of the OET that is really time limited.. I think that an additional 5 minutes is a real advantage for a testtaker.

Thank you very much for the time you spent in this letter.

Yours sincerely,
Gloria Dimayuga
