Subject: For Assessment of Nursing degree

Dear Kathleen,

Hi, I am Rashmika Goswami. In my opinion the new rule for each 7 band in IELTS should be taken off for student who studied in Australia. The reasons behind these are because they all studied here about two years as well as they also have studied english in there countries.If, they don't have assessment of there degree than there will be no meaning for them to having two years hard study. Therefor, please help them to use there study in practical by giving them assessment without applying 7 band rule.

Thank you very much,
Rashmika Goswami.
